

Dr. Vikram Mehta
 Managing Director,
 Spartan Engg Industries
 Pvt. Ltd.

Innovation is at the heart of Spartan

Spartan's core purpose is to enhance the Productivity, Speed and Safety in Construction and Infrastructure Industry by providing Advanced Mechanized Solutions, thereby saving customer's Money, Time and Efforts.

Exports to 10 countries worldwide, 7000 plus machines on site every year, 150 plus well trained engineers and technicians, 20 national & international awards, 4000 plus satisfied customers and many more such milestones make one globe, one player- Spartan.

Founded in the year 1971 and has forayed in to the field of manufacturing and supplying construction equipment in the year 2005. Since its four decades of existence in Engineering Industry, Spartan has become a leading Indian MNC in construction Equipment Manufacturing. ISO 9001 2015 certified manufacturer and supplier of high quality construction machinery and equipment like Bar Bending Machines, Bar Cutting Machines, Passenger & Material Hoists, Multi-Functional Material Hoists, Rope Suspended Platforms & Lift Shaft, Minilifts, Firemen Evacuation Lifts, Boom Placers, Spiral Bending Machines etc.

Spartan has played a pivotal role in the development of nation by providing machineries to infrastructure projects. Spartan's core purpose is to enhance the Productivity, Speed and Safety in Construction and

Infrastructure Industry by providing Advanced Mechanized Solutions, thereby saving customer's Money, Time and Efforts. This is how we envision ourselves to become a 500 Crore Diversified Group, with 10% Net Profit, by the year 2026.

an array of construction equipment & Fire Evacuation Lifts. It is spread across 5 acres with 1 lac Sq.ft. build-up Shed & Office. The production facility covers Fabrication, Production Assembly, Testing, R&D, Design &

Bending Machine

Cutting Machine

Spartan boasts of State-of-the-Art manufacturing facility at Atgaon on Mumbai-Nashik highway, Kalwa Navi Mumbai & Bhivandi, thane. These are fully equipped with world class equipment to manufacture

Development, Spares Management & Dispatch.

Spartan's USP has been the Innovation. Spartan is built on a strong foundation of innovation which

Multi-functional Material Hoist

Passanger Cage

Rebar Carrying Attachment

Rope Suspended Platforms

Twin Cage Passanger & Material Hoist

is the prime reason for its success. We are already on a massive project to incorporate AI & Machine Learning into our Marketing & Training. This is going to separate us to be one of the first construction equipment manufacturing company in India.

Challenges has taught us a lot or things and it has also impacted the way the business is being carried out. Spartan's complete team was in touch with all the nationwide customers and it saw that all the

deliveries were met on time and service was provided at all sites wherever possible.

From here onwards, there will be only growth in Construction Business. All the projects which were held due to pandemic have already restarted.

We intend to drive Worldwide Operations from a 3,500 sq.ft. plush Corporate Office located in a prestigious Commercial Hub.

Spartan will strengthen its Global Infrastructure by opening three offices in Dubai, Brazil & Colombo. Spartan will lead the market share in 10 countries.

Our advice to the upcoming industry is to be patient, persistent and have faith in Indian Economy and Indian Construction Industry Scenario. India is already on its path to becoming World's fastest growing economy and Construction Industry will be the major beneficiary of this outcome. 🏗️
